To whom it may concern:

This is a letter of recommendation for Vincent Church who has applied for a teaching position at your school district. I have had the pleasure of working with Vincent for the past three years as his mentoring teacher and as a collaborative Physical Education teacher. I have 27 years of teaching experience and feel that I am qualified to write on his behalf.

Vincent came into his first year of teaching here at Ironwood Area Schools directly from Northern Michigan University and had an immediate positive impact on the school and the community. As both a teacher and a coach the student body has rallied behind his unwavering commitment to excellence. He is a tremendous role model, who displays the highest of moral character both in and out of school. He is willing to listen to suggestions and communicate concerns in the most professional of manners. His continual drive to better himself as an individual and as a leader has illustrated the need for constant improvement to his students and colleagues alike, which has helped progress the school forward in the right direction. He is an irreplaceable asset that will be greatly missed if he chooses to apply his talents elsewhere.

I would not hesitate to hire Vincent, for I know he will continue to be successful at any endeavor he chooses. I recommend him highly and without any reservation. You will not be disappointed. If I can be of any further assistance please feel free to contact me.

Sincerely,

Susan Key
